WHEN YOU NEED IT**

**20' AND 40'
PORTABLE STORAGE**

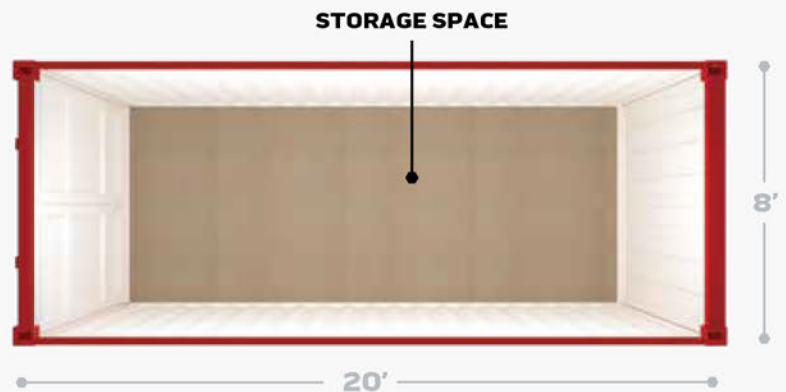

SITEBOXSTORAGE.COM

THE SPACE YOU NEED—WHEN YOU NEED IT

When you've got a job that calls for portable storage, you don't want the headache of unreliable vendors. On-time delivery and pick-up are key. SiteBox Storage understands and has been providing businesses with quality storage solutions since 1998. Our friendly, dependable staff will guide you in finding the perfect storage solution for your worksite, whether you're looking to purchase or lease. Our unmatched logistics mean we're one of the most dependable options around.

FEATURES

20' STORAGE

EASY ACCESS 20' AND 40' MOBILE OFFICES

Both 20' and 40' storage containers are equipped with wide, swinging cargo doors and ground level access. They are usually delivered with tilt-bed trailers, and can be placed on almost any level surface.

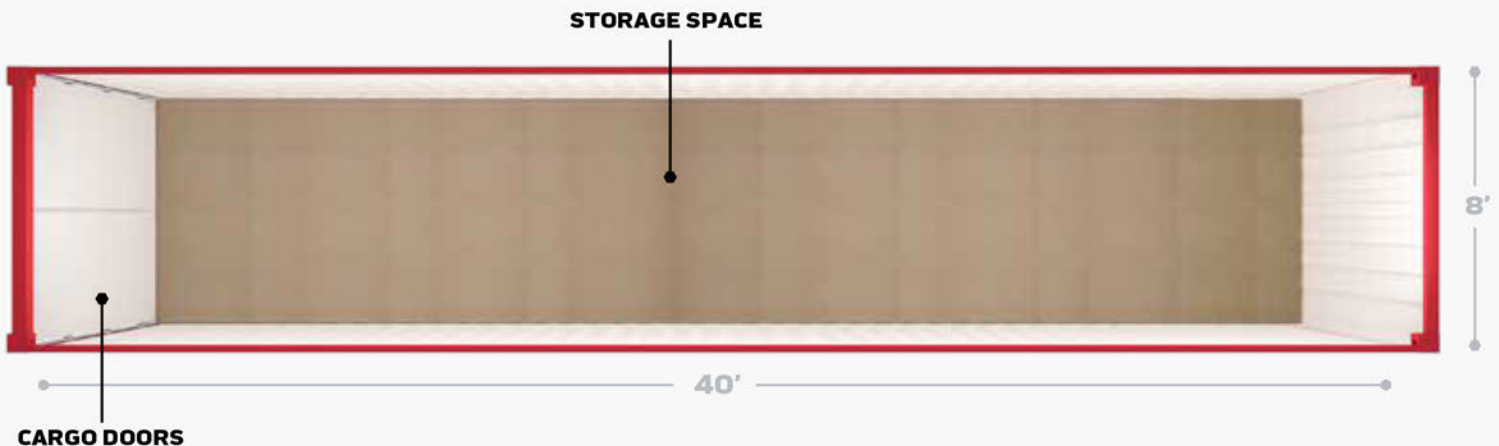

DELIVERY CLEARANCE

A 20-foot container needs approximately 50 to 100 feet of straight clearance, depending on the type of delivery equipment available in your area. A 40-foot container would need approximately 100 feet of straight clearance and an approximate width of 12 feet.

GET THE STORAGE YOU NEED

With the option to purchase or lease, we can bring the convenience of portable, onsite storage to you. With 20' or 40', we have the storage to meet your needs, in standard ISO specifications.

FEATURES

40' STORAGE

OPTIONS

Get the options you need in a 20' or 40' Storage unit. Each unit can be outfitted to suit your needs, by adding ramps, and other optional accessories, like bike racks, 3-tiered shelving, and pipe racks. All units have highly secure protected lockboxes to thwart bolt cutters, and special padlocks can be added. Multiple units can be keyed alike, upon request. The treated steel exteriors are wind- and water-resistant and pest proof. Units with doors on both ends can be outfitted with an interior wall divider to create two separate storage spaces.

3-TIER SHELVING

PIPE RACKS

MOBILE OFFICES

Our portable offices are assembled and finished right in our own production facility, here in the U.S.A., to withstand virtually any setting.

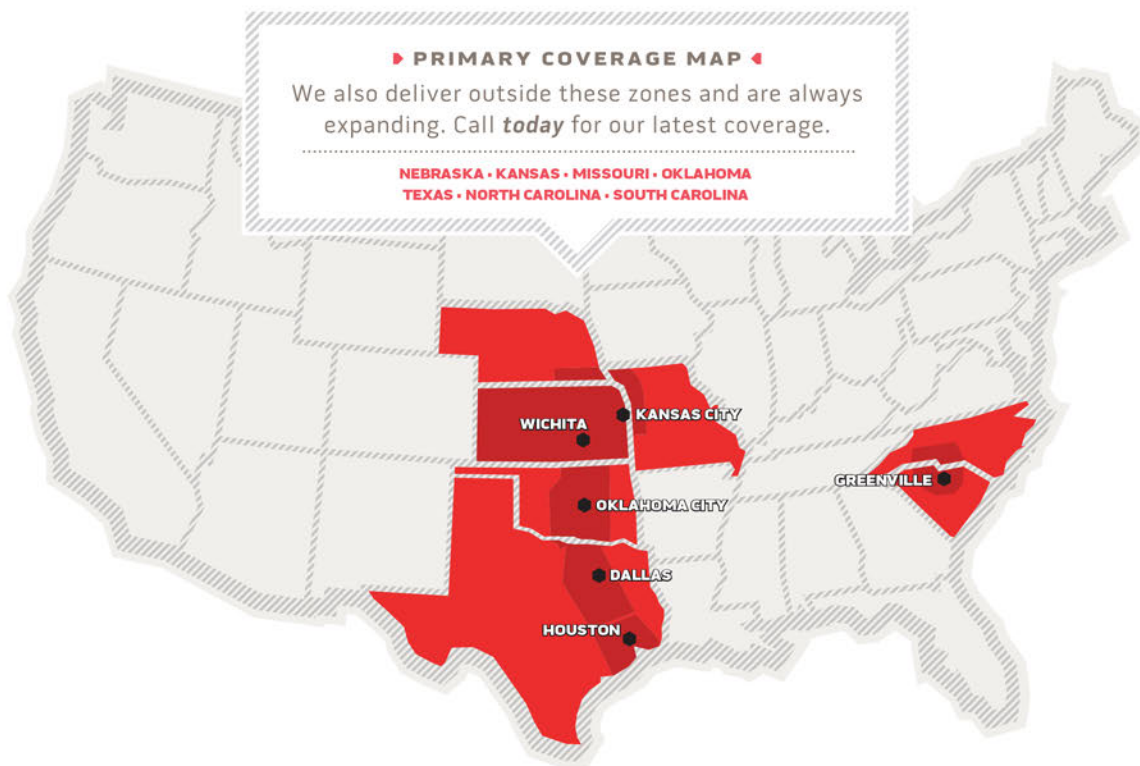

COMBO UNITS

All the convenience of a climate-controlled mobile office, combined with ample storage space. Each 20' or 40' foot units, includes both internal and external access to storage.

CUSTOMIZED

Have unique needs? Consider buying a modified unit to suit your project. Add restrooms, data center modifications, changing rooms, and more. You can even combine units to make a larger, multi-section space.
